

# ASSOCIATED CONSULTING ENGINEERS

ABADIEH HILLS - LEBANON

# ABOUT ACE

**Associated Consulting Engineers (ACE)** is staffed and organized to provide architectural and multi-discipline consulting engineering services worldwide.

ACE's mission is to fully realize the needs of the Client and to create successful relationships within the communities ACE serves. ACE believes success is the product of correctly appointed teamwork, in which all parties involved in the planning and development of a project work together with the shared goal of quality and client satisfaction.

ACE has been responsible for the successful completion of exceptional and prestigious projects throughout the World. A maximum measure of success has been achieved not only in the aesthetics and functionality of projects but also by working within and meeting the budgetary constraints and financial demands. The optimum operational efficiency of a project is a prime consideration to ACE at all stages of project implementation and an essential attribute to project success.

The worldwide experience of ACE has facilitated a special understanding of the development and operational requirements of international markets. We are structured to provide comprehensive project management and consultancy services to include all aspects of planning, design and implementation through to operation.

# HISTORY & NOW

Established in 1956 as a partnership in Lebanon, and later incorporated, ACE is now totally owned by the professional senior staff.

ACE, has progressively evolved to become internationally recognised as Planners, Architects and Engineers.

**According to published surveys in 2010 by the reputable Engineering News Record (ENR) magazine of the U.S.A., ACE was ranked 71st among the top 200 international Architectural & Engineering consulting companies.**

ACE's achievements in providing consulting services, are reflected in the completed projects and satisfied Clients. To-date ACE has undertaken comprehensive consulting services for projects collectively exceeding U.S. \$ 40 Billion in construction cost.

CONTROL TOWER, HIDD PORT, BAHRAIN

# THE TEAM

ACE employs over 1,050 staff, including a core of 700 professional Planners, Architects and Engineers, in various disciplines. The expertise of the Staff enables ACE to offer services tailored to meet the requirements of Clients in different countries, cultures and environmental conditions. The language capability of the staff, many being multilingual, ensures communication necessary to provide international consulting services.

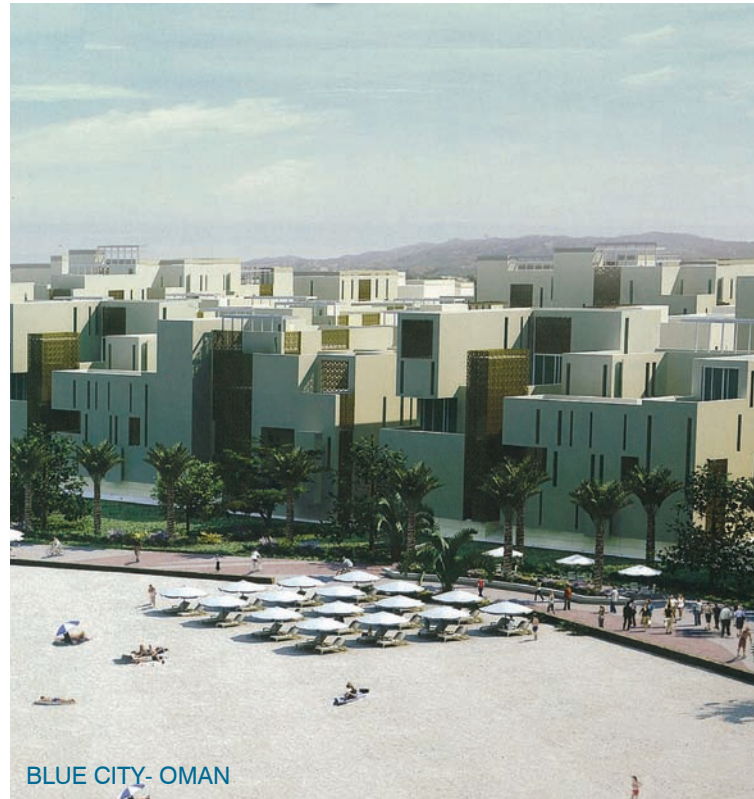

The reputation of ACE is a reflection of the staff therefore ACE invests in the training and development of all staff in order to maintain an up to date knowledge of the respective profession and develop the skills and professionalism necessary to achieve the project demands.

Specialized training, maturity and the strength in depth of technical experience are reflected in the wealth of major development projects over the last 55 years.

DURRAT AL RIYADH - SAUDI ARABIA

MICRO TUNNELING - LEBANON

An architectural rendering of a modern office building. The building features a large glass facade reflecting the sky and surrounding greenery. It has a multi-story design with a prominent entrance area. In the foreground, there is a landscaped courtyard with green lawns, stone pathways, and several flower beds. Two white cars are parked on the left side of the courtyard. A few people are walking on the paths. The sky is blue with some clouds. A large purple rectangular overlay is positioned on the right side of the image, containing the text 'YOUR CAREER WITH ACE' in white capital letters.

# YOUR CAREER WITH ACE

THE NEW ACE BUILDING

MUJIB DAM - JORDAN

**WHEN YOU JOIN THE TEAM AT ACE, YOU ARE JOINING A HERITAGE OF OVER 55 YEARS. WORKING WITH SENIOR PROFESSIONALS WHO ARE EXPERTS IN THE PARTICULAR DISCIPLINE, YOU WILL BE WITHIN AN ENVIRONMENT OF KNOWLEDGE, INSIGHT AND CREATIVE FLAIR.**

An aerial photograph of a port facility. A large white cargo ship is docked at a pier, with several blue container cranes positioned along its side. The pier is a long, straight concrete structure extending into the dark blue sea. In the background, there are several large, white, rectangular industrial buildings and a vast, flat, light-colored area, possibly a storage yard or a dry-dock area. The sky is a clear, pale blue. A semi-transparent red rectangular overlay is positioned on the right side of the image, containing the text "ACE AROUND THE WORLD" in white, bold, sans-serif capital letters.
